### School News.

If it were not for the fact, that everything is running so smoothly, neither teachers nor pupils could tell, but that school has just begun, for we have all the enthusiasm of the first week without the confusion.

New pupils are enrolling weekly, both in the high school and in the grades, and others, who intend entering are reported daily.

If nothing unforeseen happens, the science laboratory will be installed in a few weeks, and the school will be thus raised two degrees.

Interest in every department runs high. A new department, that of public speaking, has just been added. It is under the very capable direction of Mrs. Herman Haile, who has a class of more than twenty. We have long wished for this addition and are expecting very tangible good from it.

Miss Bolen has reorganized the Music Lover's Club, which meets twice a month on Wednesday afternoon. Any one who is a genuine music lover may attend, and we are sure will enjoy the excellent music.

The Domestic science class has finished a short course in the preservation of food, and the girls are very proud of their canned fruits and vegetables, preserves and jellies and pickles. Each member of the domestic art class has finished her first project, a sewing bag, and is beginning on a second.

Literary work is showing an equal amount of interest. There is a class of twenty five in beginner Latin and a class of even greater number in English history, besides the classes that are smaller in number, but equally important.

There are twelve students in the teacher training class. More students are expected to join this class after the Christmas holidays.

The senior class numbers six, two more than last year.

A few tests have been given and very good grades testify to the fact that our work is not only seemingly right, but really right.

Come to see us. We are glad to see you and to know that you are interested in us and in our work.

The music class is doing splendid work. Last week, Alene Brooks was winner in two minute contest. Amanda Fame Brown was winner in the one minute contest.

The Music Lovers Club was organized Aug. 31. Piano solos by Celia Morgan and Ara Meadows, also song by Willard Johnson, with ukelele accompaniment were enjoyed by the music class, the teachers and a number of high school students.
